

Conrad & Renee Yarmoff  
Future Residents of The Amsterdam  
with daughter Susan  
and grandson Benjamin

We wanted to  
secure our future.  
And our children and  
grandchildren deserve  
that peace of mind too.

That's why we decided on a lifestyle where we can continue to serve as volunteers at the Department of Social Services, head up committees at Manetto Hill Jewish Center, work as a family court-appointed advocate for foster children, and spend quality time with our children and grandchildren. And that's also why we chose a spacious two-bedroom apartment home, where we'll have plenty of room for entertaining friends and family, as well as enjoying beautiful views outside on our lovely terrace.

At The Amsterdam, we're going to continue to embrace life knowing our future is secure and our children are free from the burden of taking care of us — and with **life care**, we can. Because **life care** gives us guaranteed access to a full continuum of long-term health services, our future is secure for both us and our family.
